SAMSKRUTH DV

agnirao456@gmail.com | +91- 9019716142 | https://linkedin.com/in/samskruth-dv-91ab702a2

Education

Vishveshwaraiya Technological University (VTU)
Bachelor of Technology in Computer Science
Mysore, Karnataka Aug 2019 – May 2023

Experience

Freelance Front-end Web Developer
Mysore, India June 2022 – Present

- Designed and developed responsive custom web interfaces for business websites and portfolio platforms
- Built and deployed client-side static web applications hosted via GitHub Pages, focusing on fast page-load speeds, interactive dynamic components, and clean UI/UX standards.

Projects

CBS Seeker

- This is helpful tool developed to help passengers who travel inside Mysore in City Buses.
- Used Html, Bootstrap jQuery, JavaScript for efficient data mapping and lightweight.

Crypto Editor

- Engineered a client-side cryptographic web application utilizing the Web Crypto API (AES-GCM 256-bit encryption and PBKDF2 key derivation with 100,000 iterations) for secure data masking.
- Implemented zero-width Unicode steganography algorithms to dynamically embed and extract hidden cipher text inside carrier text strings.

Portfolio & the Links

- Portfolio Website: [saa985.github.io/]
  Hosted collection of live frontend projects featuring dynamic UI components, custom styling, and client-side tools.
